DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 18-34 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In line 2 of claim 18 the use of the term "filing material" is vague and indefinite, it is assumed that the phrase should read --filling material--.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 18-25, 27, 28, and 30 are rejected under 35 U.S.C. 102(b) as being anticipated by Danova (US 5,084,930). Danova shows a combined soft sculpture and blanket 10 that is of particular interest. The device comprises a rectangular blanket 14 with a soft sculptured toy 14 attached to the head end of the blanket. Blanket 14 has a front surface 16, rear surface 18, left and right edges 22, 24, and upper and lower edges 26, 28. A filler 30 made from conventional batting is used to fill the body of the blanket. The soft sculpture 12 is shown as taking the form of a bear and includes a head 34 and torso 36. The head 34 is formed from upper and lower

layers 38, 40 stitched about their edges by stitching 42 and filled with a stuffing material 56. The head extends away from the upper edge 26 of the blanket and lays adjacent to the head of a user of the blanket, and overlays the body of the user (see Figure 1).

Allowable Subject Matter

Claims 26, 29, and 31-34 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Turner (US 6,427,267), Benson (US 5,515,559), Allee (US 4,236,263), and Pickens (US 4,590,633) show blankets and comforters which are combined with soft sculpture type dolls that are of particular interest.
